MARIA CALAF FORN

Member of ENT since July 2006
Consultant and coordinator of waste charges area

EDUCATION

- 2010-12. Official Master of Environmental Studies on Ecological Economics at Universitat Autònoma de Barcelona (UAB). Research project: Cap and Trade Schemes on Waste Management: the Case Study of the Landfill Allowance Trading Scheme (LATS) in England.
- 2003-04. Master in Engineering and Management of the Renewable Energies at the Catalan Institute of Technology (ICT), Barcelona.
- 2002-03. Teaching Aptitude Certificate (CAP) at the Educational Science Institute from the Universitat Autònoma de Barcelona (UAB).
- 1998-03. Environmental Science Degree. UAB, Spain. Final project at the Saxion Hogeschool IJselland from Deventer (The Netherlands).

PROFESSIONAL EXPERIENCE

- April 2004 – July 2006. AMBIENS, SL. Technician in waste management in local councils.
- October 2003 – March 2004.Town Council of Vilanova del Camí (Barcelona). Assistant of the Environmental Technician.
- July - September 2002- GRAM (Gestió de Recursos Ambientals) (Igualada), specialized in waste management in the local administration.

MOST RELEVANT AREAS OF EXPERTISE

- Environmental taxation.
- Waste charges and Pay-as-you-throw systems.
- Local waste prevention.
- Improvement of local separate waste collection.
- Costs of local easte management.
- Door-to-Door waste system.

MAIN PROJECTS

- Update of the commercial waste charge of Igualada 2027. Igualada City Council | 2026.
- Review of the waste charge in Pasaia and its adaptation to the provisions of Law 7-2022. Pasaia City Council | 2026.
- Study to improve the waste cahrge in Port de la Selva. Port de la Selva City Council | 2026.

- Session on the monitoring of the waste management service. HOBEKI ELKARTEA | 2026.
- Update on the waste charge in Manacor. Manacor City Council | 2026.
- Adaptation of municipal ordinances for the development of waste cahrges as a pay-as-you-throw. Urola Medio Intermunicipal Service | 2025 - 2026.
- Analysis of high-efficiency collection systems from the perspective of service provider companies, identifying business opportunities to strengthen their competitiveness. | 2025 - 2026.
- Technical advisory service on waste tax for the Nerbioi-Ibaizabal Association. Nerbioi-Ibaizabal Commonwealth | 2025.
- Technical Assistance & Capacity Building for Pay-As-You-Throw (PAYT) System Implementation. Clean Air Task Force | 2025.
- Study to establish a new public charges model in Barcelona for the provision of commercial and industrial waste collection services similar to municipal waste collection services based on pay-as-you-throw. Barcelona City Council | 2025.
- Study for the establishment of a Fair Waste Charge in Pedreguer. Pedreguer City Council | 2025.
- Advisory service on the reform of the waste charge of the Manacor City Council. Manacor City Council | 2025.
- Study for the establishment of a commercial pay-as-you-throw waste charge in Hernani. Hernani City Council | 2025.
- Project to implement Pay-As-You-Throw scheme in Urola Kosta. Urola Kosta Intermunicipal Service | 2025.
- Commercial PAYT update in Igualada. Igualada City Council | 2025.
- Development of a short video and a course on fair waste charges. Association of Catalan Municipalities for selective door-to-door collection | 2025.
- Elaboration of a guide for the implementation of a fair municipal waste charge. Catalan Waste Agency | 2025.
- Study to establish a new pay-as-you-throw waste charge. Barcelona City Council | 2025.
- Conducting training on waste charges. Álava Regional Council | 2025.
- Preparation of a study to define a fair charge model that will contribute to improving waste prevention and separate collection in Les Franqueses del Vallès. Les Franqueses del Vallès City Council | 2025.
- Study for the establishment of a commercial pay-as-you-throw waste charge in Hernani. Hernani City Council | 2025.
- Project to implement Pay-As-You-Throw scheme in Urola Kosta. Urola Kosta Intermunicipal Service | 2025.
- Commercial PAYT update in Igualada. Igualada City Council | 2025.
- Development of a short video and a course on fair waste charges. Association of Catalan Municipalities for selective door-to-door collection | 2025.
- Elaboration of a guide for the implementation of a fair municipal waste charge. Catalan Waste Agency | 2025.
- Study to establish a new pay-as-you-throw waste charge. Barcelona City Council | 2025.

- Conducting training on waste charges. Álava Regional Council | 2025.
- Preparation of a study to define a fair charge model that will contribute to improving waste prevention and separate collection in Les Franqueses del Vallès. Les Franqueses del Vallès City Council | 2025.
- Fair Waste Charge Explanation Campaign in Igualada. Igualada City Council | 2024 - 2025.
- Study on PxG in Peralada within the framework of the technical assistance services contract for the drafting of technical documents for the improvement of municipal waste management. Girona Regional Council | 2024.
- Study on PAYT in Camós within the framework of the technical assistance services contract for the drafting of technical documents for the improvement of municipal waste management. Girona Regional Council | 2024.
- Study on PAYT in Cornellà de Terri within the framework of the technical assistance services contract for the drafting of technical documents for the improvement of municipal waste management. Girona Regional Council | 2024.
- Study of the cost of the private manager in the management of commercial waste for 8 shops in the city of Igualada. Igualada City Council | 2024.
- Guide of alternatives to single-use plastic packaging in fishery products. Valoriza Servicios Medioambientales SL | 2024.
- Pay-As-You-Throw waste charges: experiences, barriers and challenges in Spain. Institute of Fiscal Studies | 2024.
- Study on proposals for municipal adaptation to scenarios of lower availability of resources in the city of Girona. Research & Degrowth International | 2024.
- Study for the improvement of waste charges in Sant Pere de Ribes. Sant Pere de Ribes City Council | 2024.
- Study for the improvement of the waste rate in Tossa de Mar. Tossa de Mar City Council | 2024.
- Study to improve the urban waste ordinance and rate of the municipality of La Bisbal del Penedès, in application of Law 7/2022, of April 8, on contaminated island waste for a circular economy. La Bisbal del Penedès City Council | 2024.
- PxG implementation study in 5 municipalities of the Mancomunidad La Plana. La Plana Commonwealth | 2024.
- Drafting of the regulatory ordinance, the tax ordinance and the fee associated with the waste collection service of the Esplugues de Llobregat City Council. Esplugues de Llobregat City Council | 2024.
- Training sessions on generation payment systems and/or fair rates for Hobeki. HOBEKI ELKARTEA | 2024.
- Drafting service for the draft tax ordinance number 12: fee for the provision of the municipal waste management service and similar services and preparation of the financial-economic justification study that justifies it. El Vendrel City Council | 2024.
- Study of the cost of the Tordera waste charges. Tordera City Council | 2024. [Coordination]
- Study for the reduction or elimination of plastic in all chains from fishing, distribution and sale to the public of fish. Barcelona City Council | 2023. [Coordination]

- Coverage of the waste rate and improvement of the municipal waste service ordinance of Sant Pere de Ribes. Sant Pere de Ribes City Council | 2023. [Coordination]
- Feasibility study for implementing a pay-as-you-throw system and incentivizing organic waste participation in Arenys de Munt. Arenys de Munt Town Council | 2023.
- Adaptation of the Economic Report on Public Rates and study of the Mataró Domestic Fair Tax. Mataró City Council | 2023.
- Advisory service for the implementation of a Pay As You Throw scheme in the waste charge of the municipalities of La Garrotxa. La Garrotxa Regional Council | 2022-2023. [Coordination]
- Technical assistance to AIReF for the development of the study on public spending related to urban waste management. AIREF | 2023 - 2022.
- Proposal for technical and legal advice for the application of a fair public price on commercial waste in Mataró. Mataró City Council | 2022. [Coordination]
- Diagnosis of the current system of selective waste collection and proposal to improve the municipal waste management in Manzanares el Real. Cyclos cooperativa | 2022. [Coordination]
- Training and advice of municipal entities in the creation of an Action Plan for the implementation of Fair Charge systems in waste collection, within the LIFE-RETHINKWASTE project (LIFE18 GIE/IT/000156). Catalon Waste Agency | 2022. [Coordination]
- Drafting of the Regulations for the commercial Door-to-Door Scheme in Igualada. Igualada City Council | 2021 - 2022. [Coordination]
- Technical assistance for the implementation of the local Fair Tax ordinance to the municipalities of Riudellots de la Selva, Breda and Vilobí d'Onyar. La Selva Regional Council | 2021. [Coordination]
- Revision of the Municipal Waste Ordinance of Igualada. Igualada City Council | 2021. [Coordination]
- Study to improve selective collection at the Autonomous University of Barcelona. Autonomous University of Barcelona | 2021. [Coordination]
- Study of commercial PAYT in Igualada and drafting of the tax ordinance. Igualada City Council | 2021. [Coordination]
- Technical and economic study for the design of tax ordinances with pay-as-you-throw (PAYT) in 8 municipalities in the region of Anoia and implementation of PAYT systems in 4 municipalities. Anoia Regional Council | 2021. [Coordination]
- Drafting of a waste plan for the municipality of Rivas - Vaciamadrid. RivaMadrid | 2021. [Coordination]
- Pilot test on the use of 100% compostable packaging in fish shops. MediCities | 2021.
- Consulting service to support the SUBSTRACT project. Catalan Waste Agency | 2021.
- Technical assistance for the implementation of pay as you throw or participation payment system. La Selva Regional Council | 2020 - 2021. [Coordination]
- Local environmental taxation on climate change, energy and sustainable mobility. Barcelona Provincial Council | 2020.
- BLUEFASMA project. Introducing circular economy into the Catalan fisheries sector. Interreg project. Àrea Metropolitana de Barcelona | 2020 - 2021. [Coordination]

- Estimation of the cost of the waste collection service of the proposed improvement scenarios in a hypothetical management from the City Council of Sant Pere de Ribes. Sant Pere de Ribes City Council | 2019. [Coordination]
- Improvement study of the Commercial Waste Ordinance of Sant Pere de Ribes. Sant Pere de Ribes City Council | 2019. [Coordination]
- Study on the proposed collection models for Sant Pere de Ribes and study of Easy model costs. Sant Pere de Ribes City Council | 2019. [Coordination]
- Drafting of the municipal waste ordinances and drafting of the folds for the door-to-door waste collection in Solsona. Solsona City Council | 2019-2020. [Coordination]
- Preparatory work for the implantation of door-to-door waste collection. Solsona City Council | 2019. [Coordination]
- Consultancy service for the drafting of the study on the prevention and comprehensive management of municipal waste of the Mancomunitat Penedès Garraf. Commissioned by Penedès-Garraf Commonwealth | 2018 - 2019.
- Preparation of a technical and economic report for the modification of the waste treatment tax of Palma. Commissioned by Palma City Council | 2018.
- Absorbent and hygiene products: Overview of waste management in Spain | 2018.
- Revision, selection and proposal of tax incentives on Land Stewardship to be introduced into the fiscal ordinances of the Provincial Councils. Commissioned by Xarxa de Custodia del Territori | 2018.
- Design proposal for a waste collection tax in the municipality of Barcelona. Commissioned by Barcelona Metropolitan Area (AMB) | 2018.
- Diagnosis of the current waste collection system and improvement plan for waste management in the municipality of Sant Pere de Ribes. Commissioned by Sant Pere de Ribes City Council | 2018. [Coordination]
- Preparation of a memorandum of economic and budgetary impact of the Draft Law of waste and contaminated soil of the Balearic Islands. Commissioned by Environment Department of Balearic Islands | 2018.
- Audit and Action Plan for the improvement of the municipal waste collection service of Santa Margarida i els Monjos. Comissioned by the Santa Margarida i els Monjos Town Council. September - December 2017. [Coordination]
- Executive project for the introduction of Pay-As-You-Throw system in Tiana. Commissioned by the Tiana Town Council. January - May 2017. [Coordination]
- Study on reform scenarios of the Metropolitan Waste Treatment Rate (TMTR). Commissioned by Àrea Metropolitana de Barcelona. July - October 2017.
- Feasibility study for the implementation of a selective waste collection of organic fraction. Commissioned by the Zaragoza City Council. November - December 2016.
- Viability study of door-to-door collection in Solsona. Comissioned by Solsona Town Council. February - July 2017. [Coordination]
- Analysis of the technological possibilities of opening the containers with user identification for Igualada. Commissioned by Igualada City Council. May 2017 – June 2017. [Coordination]
- Pay as you throw modalities and potential analysis of adaptation to the system with identified containers. Particular Case of Barcelona. Commissioned by Datambient. September - October 2016.

- Technical, environmental and economic availability study for implementing a deposit and return system SDDR for Beverage Cans in Catalonia. Commissioned by the Catalan Waste Agency (ARC). April – September 2016.
- Technical, environmental and economic availability study for implementing a deposit and return system DRS. Commissioned by the Barcelona Metropolitan Area (AMB). January – April 2016.
- Drafting of a study for alternatives to Can Planas Landfill. Commissioned by the Town Council of Cerdanyola del Vallès. January 2016 – May 2016.
- Waste collection study for the Intermunicipality of Anoia: waste collection, management and reduction. Commissioned by the Diputació de Barcelona. December 2013 - November 2014.
- Improving a fee-rebate scheme and incentives to Metropolitan Waste Treatment Tax, (TMTR). Commissioned by AMB. November 2014 – May 2015.
- Study for the implementation of a Pay as you throw scheme and a bonus-malus system in the community of Urola Medio, Gipuzkoa. Commissioned by intermunicipal community of Urola Medio. September 2014 - June 2015.
- Technical Assistance on the design of economic instruments in waste management. Commissioned by IHOBE and the Environmental Department of Basque Government. July - December 2014.
- Consultant for the Pew Charitable Trust, project: "End overfishing in North Western Waters". Des de març 2014.
- "Carbon and Energy pricing reform in Europe (CEPRIE)". The Fundació Ent participates as a partner of Green Budget Europe. July 2013 - September 2015.
- Report of taxation proposals on land stewardship and conservation of natural heritage. Commissioned by the Land and Sustainability Department of the Generalitat de Catalunya (Catalan Government). November - December 2013.
- Technical Assistance for Identification of Innovative Taxation Mechanisms, Application of these Mechanisms and Definition of a Methodology for the Implementation of a System of Payment for Environmental Services in the Framework of the Project: LIFE+ 11 NAT/ES/700 : Marco de acciones prioritarias de financiación de la Red Natura 2000. Commissioned by the Foundation Biodiversidad. August 2013 - April 2014.
- "Difusió de l'impacte de la recollida selectiva porta a porta en la prevenció de residus". Realized by Fundació ENT along with the Associació de municipis catalans per a la recollida selectiva porta a porta. Financed by the Department of Territori I Sostenibilitat of Generalitat de Catalunya. July 2013 – November 2013.
- Technical study for the implementation of a door-to-door scheme in the municipality of Esterri d'Àneu) Commissioned by Esterri d'Àneu Town Council. July 2013 – October 2013. [Coordination]
- Study on incentives to waste reduction and recycling in Urola Kosta. Commissioned by Urola Kosta Intermunicipal Service. June 2013 - present.
- Redaction of 4 Waste Prevention Local Plans. Commissioned by the Àrea Metropolitana of Barcelona (AMB). April 2013 – September 2013. [Coordination]
- Action Plan for Sustainable Energy of Santa Margarida i els Monjos. Commissioned by Diputació de Barcelona. November 2012 – December 2013. [Coordination]
- Proposal of a Waste Collection Tax in Tiana. Commissioned by the Tiana Town Council. September 2012 - 2013.

- Design and drafting of a waste prevention plan for Urola Medio Intermunicipal Service. Commissioned by Urola Medio Intermunicipal Service. November 2012 - March 2013.
- Technical assistance to the expert group on environmental taxation of the Generalitat de Catalunya. Commissioned by the Territory and Sustainability Department. May – December 2012.
- Urban Mining: Landfill Resource Extraction. Financed by Foundation Mapfre. January - October 2012.
- Feasibility study for the implementation of a Pay as you throw scheme in Usurbil. Commissioned by Usurbil Town Council. September 2012 - 2013.
- Feasibility study for the implementation of a Pay as you throw scheme in Arenys de Mar. Commissioned by Arenys de Mar Town Council. October - December 2011.
- Proposals to Introduce Incentives on Land Stewardship in the Draft Act Amending the Law 49/2002, 23rd December, of Fiscal Regime for non-profit Organisations and for Tax Incentives for Patronage. Commissioned by the Catalan Land Stewardship Network. November - December 2011.
- Identification of Incentives on Land Stewardship to Include in Municipal Fiscal Ordinances. Commissioned by the Catalan Land Stewardship Network. November 2011 - February 2012.
- Local waste prevention plan in Vandellòs and Hospitalet de l'Infant. Commissioned by the Vandellòs and Hospitalet de l'Infant Town Council. August - December 2011. [Coordination]
- Update of Environmentally Related Taxes and Charges in Spain in OECD/EEA Database on Instruments Used for Environmental Policy and Natural Resources Management. Commissioned by the Organisation for Economic Co-operation and Development (OECD). September 2011 – 2014.
- Introduction of reusable nappies at household level in Donostia. Commissioned by the Municipality of Donostia. September 2011 – June 2012. [Coordination]
- Waste Expert in the Advisory Board of the BURBA project, in the FP7 Programme (Eruopean Commission – DG for Research & Innovation). January 2011 – January – 2014.
- Spanish country expert in local regulation services for the Project LO.RE.NET (Local Regulation Network of experts) launched by Fondazione per l'Ambiente (Torino, Italy). March 2011 – August 2011. [Coordination]
- Proposals to extend the use of reusable nappies at household level and measures to improve the use in nurseries from Sant Cugat del Vallès (Barcelona). Commissioned by the Municipality of Sant Cugat del Vallès. September 2008 – July 2011. [Coordination]
- Report for a pay-as-you-throw scheme of waste in Tiana. Commissioned by the Municipality of Tiana (Barcelona). April 2011 – June 2011
- Implementation of a pay-as-you-throw system in Miravet and Rasquera (Tarragona). Commissioned by the Consortium for the Municipal Waste Management of the Ribera d'Ebre, Priorat and Terra Alta. July 2010 – March 2011. [Coordination]
- Proposals of improvement for the economic and contractual regime and for the waste management tariffs of Mallorca. Commissioned by the Regional Ministry of Environment from the Consell Insular de Mallorca. July 2010 – December 2010.
- Socioeconomic analyses of waste incineration. Commissioned by Greenpeace Espanya. March 2010 – June 2010.

- Guide for the implementation of pay-as-you-throw schemes. Commissioned by the Agència de Residus de Catalunya (Catalan Waste Agency). January 2010 – June 2010.
- Implementation of a pay-as-you-throw scheme for the commercial waste of Canet de Mar (Barcelona). Commissioned by the Municipality of Canet de Mar. May 2009 – March 2010.
- Implementation of a pay-as-you-throw scheme for the municipal waste of Argentona (Barcelona). Contracted by the Municipality of Argentona. March 2009 – June 2010.
- Action Plan for Sustainable Energy of Badalona. Commissioned by the Diputació de Barcelona. January – September 2009.
- Economic benefits on buildings and monuments derived from the improvement of air quality in the Barcelona's metropolitan region. Catalan Government | 2009.
